Winner to Go  
On to Finals  
On June 18

Pathway to Fame,  
Miss Universe  
Title, Possible

First preliminary judging for Miss Palm Springs—the girl who may step up to the coveted throne of Miss Universe—gets under way at the Chi Chi Starlite Room tonight.

Tonight's screening of curvaceous candidates, starting at 8 p.m., is the first of three elimination contests in the search for a desert beauty to represent the resort city in the Miss California contest.

Miss California is an automatic contestant in the Miss Universe contest.

FIVE IMPARTIAL judges, selected from the audience at the Chi Chi, will screen the Miss Palm Springs candidates tonight. The winner takes home valuable prizes and becomes eligible for the contest finals on June 18.

Second and third elimination tests are scheduled for June 4 and 11.

Each elimination winner receives a wrist watch and a portrait photograph, compliments of Bill Anderson, of Anderson Studios. Second and third place winners will also receive prizes.

A host of awards will be showered on the eventual winner of the Miss Palm Springs crown.

WINNERS OF ANY one elimination contest cannot complete again until the finals. All decisions of the judges will be final.

Contestants will be judged on the basis of personality, character, poise, charm and beauty of face and figure.

Candidates must be between the ages of 18 and 28 years of age (on or before July 1, 1957), unmarried, an American citizen and a resident of California at least six months prior to the contest.

LOCAL MERCHANTS are invited to sponsor entries in the contest, which is conducted by the Chi Chi and The Desert Sun. However, candidates do not require a sponsor.

Entry forms may be obtained from the Chi Chi or The Desert Sun office at The Center. Applications should be handed in to Robert Linskey, Sun advertising manager, at any time prior to the contests.

Contestants have their choice of appearing in any one of the three elimination events.

## LET MAGIC OF SUN CLASS RESULT ADS DO TRICKS FOR YOU

You don't have to be a prestidigitator to make property change hands—not with the kind of speedy results you get from Desert Sun Classified Ads.

It's easier than pulling a rabbit from a hat, say such satisfied citizens as Mrs. Howard Pelham, who sold a Cathedral Estates lot just two days after her ad appeared in the Sun Classified columns.

The only "magic wand" required is a telephone, on which you dial 5005, The Desert Sun, and ask for "CLASSIFIED"

## County Votes Sales Tax, Village Exempt

Divided by a three-to-two vote, the County Board of Supervisors yesterday drafted a one-cent county sales tax ordinance.

Calling for a 10 per cent kick-back from county municipalities, the ordinance takes effect July 1, pending agreement on the share-the-tax plan by city governments.

Fostered by Supervisor George Berkey, the plan was accepted as a compromise of supervisory demands for an 8-15 split between counties and cities.

THE NEW PROPOSAL exempts Palm Springs which, because of its "special local circumstances," is not required to share its tax revenue with the county.

Berkey's proposal that each city share 10 per cent of its tax revenue with the county drew criticism from Supervisor William Jones, who held out for the 8-15

## City Blocks Palm Canyon Trailer Park

A proposed Palm Canyon trailer park, opposed by the City of Palm Springs, failed to win approval of the County Board of Supervisors yesterday.

The park plan, fostered by Jack Boyer, drew criticism from City Planning Director Hy Hanes, who claimed the project would create an area of arrested development in the line of "logical annexation growth" of the city.

However, Supervisor George Berkey passed a motion for public re-hearing of the plan. Boyer's request for M-3 zoning for creation of the park had previously won approval of the County Planning Commission.

## Opposition to Bonds Gone, CVAPC Told

Berkey Reports  
Organized Action  
Has Disappeared

Organized opposition to the proposed \$5 million county bond issue has apparently ground to a halt, the Coachella Valley Advisory Planning Committee was told last night at its meeting at Carr's Restaurant in Desert Hot Springs.

County Supervisor George Berkey told the CVAPC that the "committee of four" opposing the issue has even come up with its own counter-proposal for a \$2 million bond issue.

The proposal was greeted by Berkey as capitulation to the fact that the bond issue is the "only feasible" means of creating a building fund able to cope with the demands of the county's expanding government.

ADVISORY PLANNING Committee members agreed with Berkey's point that any slight increase in tax rates created by the proposed \$5 million issue are more than offset by rates that would be imposed if the building program were sponsored by tax funds.

It was also noted by the desert area supervisor that unless new building space was created for governmental forces, that annual rentals for county administration would soar to the quarter-million-dollar mark.

BERKEY NOTED that it was "difficult to lend weight" to opposition allegations attacking the bond issue when it had been endorsed by county Grand Jurors and committees and organizations throughout the county.

The CVAPC has already gone on record in unanimous endorsement of the bond issue which will dump more than \$1 million worth of new government buildings in the desert area.

## THE WEATHER

## U.S. Sets Off Battle-Sized Nuclear Test

Foreign Newsmen  
Watch Firing of  
Top Secret Device

ATOMIC TEST SITE, Nev. AP — The United States today fired the first of a long series of atomic test blasts amidst a world atmosphere of disarmament talks and controversy over radiation effects on humans.

The "battle-sized" nuclear device was touched off in the pre-dawn darkness of the Nevada Proving Grounds, the 65th detonation in the U. S. program of nuclear and thermo-nuclear "peace lies in strength" weapons testing.

FOREIGN NEWSMEN for the first time had a "ringside seat" at an American atomic experimental blast as the Atomic Energy Commission scientists finally found in the 13th day of waiting the combination of wind and weather conditions that fit their pattern of radiation safety factors.

The top secret device was set off atop a 500-foot steel tower on Yucca Flat at 4:55 a.m. p.d.t., 13 days behind schedule because the AEC, hypersensitive to continued criticism of radiation fallout, had to wait out the weather.

It had a calculated yield of 10 kilotons, roughly equal in force to 10,000 tons of TNT. It was equivalent to about half the explosive violence of either of the bombs dropped in Hiroshima and Nagasaki toward the end of World War II.

THE ATOMIC CLOUD bearing radiation climbed rapidly to the six-mile level and spread out, heading eastward. Pilots flying within 150 miles of Caliente, Nev., east of Las Vegas, were advised to contact the nearest CAA tower for routing instructions to avoid the cloud.

The flash of the blast was seen in Sacramento and San Diego, both about 350-airline miles from the site, giving its brilliance an approximate 700-mile diameter.

The fireball, about 900 feet in diameter, burned with a temperature approaching one million degrees centigrade, capable of melting steel girders. It was prevented from touching the ground, and sucking up dust, by the height of the tower, thus reducing to a minimum the possible radioactive fallout from the atomic cloud. The tower vaporized in the blinding flash.

"YEP, WE'VE GOT a couple of good rides left," Desert Sun Carrier boys Howard Moore and Dick Shinee agreed as they checked the number left in their book of free tickets at Disneyland. The boys, 44 strong, won the outing by securing new subscriptions to the daily Desert Sun. They spent the entire day Sunday at Disneyland, seeing the many free exhibits and going on many rides. Each boy was given money for his lunch and additional favors. (Desert Sun Photo).

## New Desert Beautification Group Sets First Project

Newly formed Desert Beautification Committee met yesterday afternoon to formulate plans to make a trip to Tahquitz Canyon to plan a campaign to clean up the area.

Proposed by Ray Corliss, manager of Radio Station KDES, the committee decided to go to the canyon next Sunday to see for themselves the amount of trash that is being scattered around and the number of persons that are using the area.

The Agua Caliente Indian Council has already started investigation into the possibility of installing trash cans and rest rooms in the canyon.

Another matter brought up by the committee was a plea for residents to take advantage of burning permits, and to use them before leaving for the summer. Committee chairman Ted McKinney pointed out that the use of the burning permits would enable residents to clean up their yards before they leave for a summer vacation.

The committee is comprised of McKinney, representing the city council; Gloria Gillette, representing the Tribal Council; Bill Bronstein, representing the Junior Chamber of Commerce, and advisors are O. R. Don Crabtree, city park and recreation director, Corliss, and City Manager R. W. Peterson.

The committee will meet the last Monday of every month.

## Based On Disarmament Talk Success

Leaders Issue  
Statement After  
2-Day Conference

WASHINGTON, AP — President Eisenhower and German Chancellor Konrad Adenauer proposed today a new Big Four foreign ministers meeting on German unification after the West concludes a "first step" disarmament agreement with Russia.

In a communique concluding Adenauer's three-day conference here, they said that "the conclusion of an initial disarmament agreement might be an appropriate time for a conference on the re-unification of Germany among the foreign ministers of the four powers responsible therefore."

The communique added that the United States will consult with Britain and France about their views.

THEY DECLARED German unification a pre-requisite to any "comprehensive" world disarmament agreement.

This, apparently, was the compromise assurance the 81-year-old West German leader sought in Washington. He had been reported to be worried that the Western powers would leave the German problem unsolved in the rush for a partial disarmament agreement at London.

Eisenhower promised in the communique that any disarmament plan applicable to Europe would be accepted by the United States only on the approval of other NATO nations, including West Germany, and with regard to "the link between European security and German re-unification."

THE PRESIDENT assured Adenauer that the United States would not take any disarmament step which would prejudice the re-unification of Germany.

The communique said that Germany must be reunited "on a free and Democratic basis by peaceful means."

## CITY COUNCIL ASKS SUGGESTIONS FOR CITY HALL SLOGAN

Councilmen yesterday at a luncheon meeting at the Chi Chi appealed for a slogan to be placed in front of the council chambers at the new city hall.

Proposed by Councilman Ted McKinney a few weeks ago, the council decided to secure the reaction of the public to the venture.

The inscription is proposed for above the steps to the council chambers, on what has become known as the "flying saucer roof."

Assault Suspect Admits Charge At Arraignment

William Lynn Chalmers, 49, Desert Hot Springs, yesterday admitted the allegations of assault with a deadly weapon, when appearing at arraignment in Judge Eugene Theriault's justice court.

Chalmers was arrested about 10 p.m., Sunday, by Sheriff's deputies in a Desert Hot Springs restaurant, on complaint of Harry Watson, also of Desert Hot Springs. He was charged with having a .22-caliber automatic in his shirt, and having reached for it with intent to do bodily harm, prior to his being subdued by Watson.

Preliminary hearing for the suspect is scheduled for today, according to deputy Paul Lewis.

State Work Law May Get Council Support

City Attorney Jerry Bunker has asked the City Council to go on record at its next meeting as favoring Senate Bill 2229, termed by him as a "little right to work law" or what he believes would be more correct, "a little Taft-Hartley Bill."

The city attorney told council at its luncheon meeting at Chi Chi that he has sent for a copy of the Bill, and said that as he understood the measure, it would prohibit unions from interfering with business or occupations for the purpose of soliciting members if 50 per cent or more of the employees do not desire the union to represent them.

HE POINTED OUT that the state Bill was "not as strong as our right-to-work ordinance in that our prohibition does not depend upon a 50 per cent vote."

The unions have taken a strong stand against the SB 2229, which, according to the California State Federation of Labor, would (1) outlaw pre-job contracts in the building trades and (2) require representation elections before contract renewals in all industries.

C. J. HAGGERTY, secretary-treasurer of the State Federation, said the measure would "completely destroy established union membership requirements, and should be termed a little right-to-work bill."

The bill was authored by Senator F. Presley Ashire (R-Sonoma) and has already met with the approval of the Senate Labor Committee.

## Dering Reports On Presbyterian National Meet

Edward M. Dering of Palm Springs, an Elder in the Cathedral City Community Church, has returned from Omaha, where he represented the Presbytery of Riverside, including San Bernardino, as a commissioner to the 169th General Assembly of the Presbyterian Church in the U.S.A.

He was one of four from this Presbytery. Others were Elder J. Wilfred Muir, San Bernardino; the Rev. Roger Hillis Idyllwild; and the Rev. Paul Steps, Westmoreland. There were 872 commissioners and several hundred guests, including representatives of the boards of national and foreign missions from every part of the United States, its territories, and from every continent.

The sessions of the General Assembly were held in the magnificent new municipal Music Hall in Omaha, Neb., with every one of the 2,800 seats filled for the sessions, morning, afternoon and evening. The great union service, including all the protestant churches of Omaha and vicinity, was held in the enormous Sports Arena, with 6,000 in attendance.

The assembly elected as Moderator for the ensuing year, the Rev. Harold R. Martin, the pastor of the Second Presbyterian Church of Bloomfield, Ill.

Dering will be one of the four commissioners to make a formal report on the General Assembly at the next meeting of the Presbytery of Riverside to be held at Community Presbyterian Church at Lake Arrowhead on June 18.

## LET'S IMPROVE PRESENT FACILITIES

While we are all thinking of ways and means to get more and better transportation for our fast growing resort area we are neglecting to check what is happening to the transportation facilities we now have. As Palm Springs grows we should expect our present facilities to improve. This is not the case with our bus service, which is a monopoly of the Greyhound system.

Many times this past season people would come into The Desert Sun office and complain about the service, condition of the bus depot and the general unsanitary conditions of the restrooms. To satisfy ourselves the Sun sent a reporter out to check. What we found defies all description.

The present depot waiting room is not to exceed 15 by 20 feet in size. It is furnished with a crude bench, just ade-

quate for two grown people, together with two old broken down chairs. The appearance of the room resembles a third rate tenement.

The restrooms are even worse. An inspection by the sanitation department might well change things there. The kindest thing that can be said is that they do have running cold water.

The hours that the depot are open are irregular and inadequate. Persons calling by phone and in person are inconvenienced every day in the year.

Besides being inadequate from a service point of view the present depot is an "eyesore" to the city.

Every businessman and homeowner in Palm Springs goes to great pain and expense to keep our city clean and beautiful. Why should we tolerate an operation like Greyhound to give a false first impression to the many people who debark from their buses here.

### Conflicting Claims on Gaza Strip

Probably up to a few months ago the average citizen had never heard of the "Gaza Strip." As a result of the crisis on the Egyptian-Israeli frontiers, Gaza is in the headlines in a big way with the customary misinformation and emotions involved in discussing such controversial areas.

Both Egypt and Israel claim Gaza for different reasons. Both Egypt and Israel are in error in their claims on Gaza, for Gaza actually belongs to neither.

We have covered Gaza repeatedly since the Arab-Israeli armistice in 1949. We plan to return to Gaza again this summer on our way to the Far East from Russia. As we know the Gaza strip, it's a small area of land along the Mediterranean about 25 miles long and at its widest part is less than eight miles.

IT IS ALL THAT remains of old Palestine after the partition between Arab and Jew. Probably 70 per cent of the Gaza strip is absolutely worthless . . . nothing but shifting sand dunes and utter waste. The remaining 30 per cent around the water holes produces a fair variety on melons, dates and citrus.

This is hardly sufficient to feed some 300,000 people, about two-thirds of whom are Palestinian refugees displaced by the war and rendered homeless. Why then, all the present crisis about this desolate piece of real estate with the additional human problem involved?

In our opinion the principal reason for Egyptian claims to Gaza is merely prestige and "saving face." Gaza did once belong to Egypt centuries ago . . . but never in modern times.

GAZA HAD BEEN a part of Palestine for centuries and between 1917-1948 was administered and ruled by England under the mandate. When the British mandate ended, the United Nations—in an effort to mediate the crisis between Arab and Jew—sepa-

rated Gaza along with other areas in Palestine, for the creation of an Arab state within Palestine. This new Arab state never materialized because of the Arab-Jewish war in Palestine.

In the absence of a peace treaty after the war, Israel kept some of the areas designated by the UN as Arab territory, for the creation of the new Palestinian Arab state, with the exception of Gaza.

GAZA UNDER THE armistice agreement, was placed under Egyptian control. Under this control Egypt illegally militarized Gaza and used it as a base for attacks on Israel through the fanatical "Fedayeen" . . . made up of embittered displaced Palestinian Arabs. It is principally because of these Egyptian organized raids that Israel launched its successful attack upon Egypt last fall.

It is now of the utmost importance that Egypt refrain from again militarizing the Gaza strip. For whatever the pros or cons of Israel's October invasion of Egypt, Israel had ample cause for complaint about Egypt's illegal use of the Gaza strip for attacks upon her citizens on the border, and violations of the armistice agreement. We have seen evidence of these atrocities.

AFTER THE RECENT cease fire the UNEF (United Nations Emergency Force) occupied the Gaza strip to police the area for an undetermined time. However, President Nasser is seeking to limit this UNEF occupation to a line along the Gaza-Israel frontier, stretching to the Gulf of Aqaba, instead of the present area along the Mediterranean to Egypt.

It appears regrettable at this juncture that the UN resolution setting up the emergency force for the Near East did not more explicitly outline a permanent role for its policing Gaza.

Under the original 1947 UN agreement, Egypt was given the right to occupy Gaza and it is this legal right that Egypt is trying to enforce. At the time of this 1947 agreement it was assumed that Gaza would be placed under Egyptian sovereignty as a part of the peace treaty between Israel and Egypt, which never materialized.

IN OUR OPINION, the Gaza strip is important to Israel merely as a buffer or defense point against its frontier. It was from Gaza that Israel was attacked by land and sea. In some nine years of Egyptian occupation, the Fedayeen fanatical raids penetrated deep into Israel soil.

Israel retaliated with war and drove the Arabs out of Gaza. The UN intervened with the recent armistice and called for the withdrawal of Israeli forces from Gaza under the assumption that the United Nations would administer the Gaza strip pending a peace settlement.

But Egypt, applying the 1947 UN mandate on Gaza appointed a major general as governor of Gaza, who now is administering the strip instead of UNEF. It is that Egyptian move that has aggravated the situation once more in Gaza.

AS ISRAEL SEES IT, the UN must police the Gaza strip to enforce the armistice agreement which, "prohibits any hostile acts by land, sea or air, and irregular forces (such as the Fedayeen) or military forces of both Egypt or Israel from occupying Gaza."

It appears to us that since the United Nations intervened in the Gaza crisis by calling for the withdrawal of Israeli forces and restoring Egyptian administration, it is now up to the UN to see to it that Egypt lives up to the armistice agreement and to make every effort toward a permanent solution involving Gaza.

Anything less would constitute a danger to peace in the Near East.

### BUSINESS TREND

(Toronto, Ont., Canada, Printed Word)

A piece of information of interest both to investors and socialists, although for different reasons, is the Brookings Institution observation that only 31 U. S. corporations that were among the 100 largest in 1909 are still up in that list today.

In less than half a century, more than two-thirds of the outfits have declined either relatively or absolutely, or have gone out of business altogether.

### ENDS PLANNING

(Hays, Kans., Ellis Co., Farmer)

During the traditional early morning walk on his latest visit to New York, former President Harry Truman revealed to the customary trail of reporters that: "I wouldn't take New York if you gave it to me." Which, of course, should settle any plans of that sort which New Yorkers might have been making . . .

### END FOR BOTH

(Forsyth, Montana, Independent)

Some big shot in the Kremlin has predicted that an atomic war will be the end of Capitalism. He's right, but he neglected to add that it would also be the end of Communism.

### HOW BIG?

Every taxpayer helps pay the salaries of the more than seven million persons on the public payroll, whose combined earnings now exceed \$25 billion yearly. How big can government get without becoming all inclusive?

### COUNTRY AROUSED

(Nanty-Glo, Pa., Journal)

It took a record peacetime budget to awaken the tax-burdened citizens of the United States and cause them to howl long and loud over the monies being spent by our government at home and abroad. The din would be less, no doubt, if the tax money was spent at home; but most of it is going overseas to our questionable allies. . . .

The thing the kids  
Should view with pride  
Is not the finish  
But that they tried.

There are a lot of disconsolate kids, ranging from the age of eight to twelve, in town this week.

They are the ones who turned out for Little League baseball but failed to make the grade. Not because they weren't good enough but because of the rules of the National Little League association.

THESE RULES limit the teams to 15 players each and even go farther. They limit the number of 12-year-olds, 11-year-olds and those eight to ten.

So naturally, with only four teams in the league here because that is all that can be handled with our present facilities, only 60 boys made it.

And more than 300 tried. There were a lot of sad managers, too. They hated to see the kids unhappy. But what could they do? They had to go along with the national rules.

BECAUSE OF THE PRESS of other leagues—there are three of them besides the Little Leaguers, time at the Polo Grounds has to be meted out on a meagre basis. There just isn't enough.

Only two nights a week are open to the Little Leaguers and that's why there are only four teams.

The answer to that is obvious. More fields on which boys can play, thus providing room for more clubs.

But, as Past President Cub Parker and present Little League leader, Herb Esbitt, point out, that takes money. And that's something they do not have enough of. Who has?

DICK SCMITT, of the FSP, heard that I was going to the beach Saturday and, since he was also going to the beach, offered to give me a lift back into Palm Springs Sunday night. I turned him down for two reasons. I didn't want to come back until Monday noon and—

Once Jimmy Shea, now public relations chief for the FSP but then local ticket agent, drove me to Los Angeles.

We had three blow-outs, ran out of spares, had to buy a new tire and it took us six hours to get there.

The next time I tried the train. But it seems to me that it was a tough way to convince me.

SILENT SAM, a smog detection instrument, "confirms" that auto exhaust fumes are the major cause of air pollution in Los Angeles.

Of course, we have a lot of automobiles here, too, but the mountains which keep the fog away from the desert also provide a continuous updraft which pulls the fumes right out of here fast.

I bet they are sorry in Los Angeles that they ripped out all of the exhaust-less trolleys and substituted smelly buses, end to end and bumper to bumper.

About the time you pull up even with the Joneses, they re-finance, says the "Toastmaster."

### Rebuilding the Heart Patient

As I have often repeated in this column, heart disease is the first cause of mortality among our population. It therefore has been receiving a considerable attention in the various problems involved in its occurrence, cure and restoration.

The techniques vary only in details inasmuch as at this time it is commonly understood that certain procedures are paramount in the rehabilitation of the heart patient.

The term rehabilitation is defined as the process or methods employed by which a patient is returned realistically to his greatest physical, mental, social, vocational and economic usefulness. If he is employable he is provided an opportunity for gainful employment in a competitive industrial world.

STAFF MEMBERS of the Western Reserve University at Cleveland, Ohio, have developed such a center. The process of rehabilitation begins the moment a patient is first stricken with the disease or at least when he is over the acute manifestations of it and extends to the time when he is free of pain and out of the life-endangering stage.

The greatest need of rehabilitation exists for the patient with a relatively mild or moderate case. Such individuals have been frequently and most neglected. They are not given the serious consideration of the very sick individual.

THE NEED FOR rehabilitation is considered to exist in all of the various causative groups of heart disease, in all of the economic groups and in mild, moderate or severe cases.

The rehabilitation of the heart patient in industry basically concerns the patients with mild cases since over 70 per cent of cardiac patients in industry may be grouped among those known as not severe.

AND IT IS among this group of patients that the best results are obtained. The specific goals for rebuilding the individual patient are variable. Some seem

merely to leave the hospitals and with good intelligence return to their place in society in the world. Others who must provide for their families and themselves in the field of competitive employment require careful instruction and supervision.

In approximately 80 per cent of the patients a private physician can manage the total recovery and rehabilitation. The other patients need the benefit of other disciplines such as psychiatric, social service, occupational therapy, physiotherapy and vocational counseling. All of this is a group or team approach to encompass the various problems of the patient.

These various factors will be discussed in greater detail in our next following articles.

"What's the trouble?"  
George: "I'm so wholesome, I'm not even allowed to do fat wife jokes anymore, because I might offend somebody's fat wife. The only thing I've got left to make jokes about now is spooky old Alice."

GEORGE AND HIS wife were relaxing in a suite at the Hampshire House, George in slacks, a red shirt and red socks. "He can't offend me," Alice said with a nice smile.

George: "The first time I found out how wholesome I was it made the front pages. I had a line saying, 'Contrary to popular belief, happiness can be bought. On your way home, stop and pick up a fifth.' We got a lot of squeals from the churches and it got into the papers."  
"Who keeps you so wholesome?"  
GEORGE: "The network, and, of course, 'Mr. O' — my manager, David O'Malley."

POURING HIMSELF a scotch, George brooded into it a moment.

GEORGE: "One time we had a swaback horse on the show. I got a very intelligent letter from a viewer who had always thought I was clean and wholesome, but was outraged at my writers making jokes about a poor old horse that had never done anything wrong in its life but work from dawn to dusk and that's why it was swaback. . . . I felt like having a good cry about that horse after that letter."

"But don't other comedians do such jokes, especially drinking jokes?"

GEORGE: "Certainly. Gleason, Phil Harris, Joe E. Lewis. You see, they're not wholesome. Lonesome George is. That's why he's lonesome."

"WILL YOU STILL be wholesome when you and Eddie Fisher start alternating Tuesday nights next season?"

GEORGE: "We hope to get his fans and my fans both watching, because I'll be on his show and he'll be on mine. Pretty shifty, huh? Anyway, I'm sure I'll still be wholesome."

"You do drinking jokes in your night club act, don't you?"

GEORGE: "Yes, I say, 'It's not that I drink too much because I don't think you can, and I know because I try all the time.' But in night clubs it's expected."

"Do you agree with other TV comedians who are afraid of overexposure?"

GEORGE: "No. As long as you've got good writers, you can go on and on and on. Lucy and Desi are proof of that, and Jack

Benny, and Skelton is having one of his best years."

"WILL YOUR SHOW have a line of girls?"

GEORGE: "I don't know."

ALICE (from across the room): "I'll bet you hope!"

"What's happened to your movie with Diana Dors?"

GEORGE: "I'd like to know, too. Universal bought out 'RKO' and you can't find out anything there. You call RKO and you get the policeman at the gate. He's perfectly 100 per cent willing to release the picture any time I want him to."

"Does 'Mr. O' intend to keep you wholesome forever?"

GEORGE: "Yes sir, not only wholesome but true blue. And do you know what bugs me about 'Mr. O'?"

"No. What?"

"Mr. O' is right about nine times out of 10!"

## Letters to the Editor

Editor, The Desert Sun:

Being a permanent resident of Palm Springs I am interested in maintaining the cleanliness and welfare of our desert area. Therefore, I respectfully submit the following suggestion in regard to the discarded beer cans situation:

The beer manufacturers should charge either a five or ten cent deposit on each can of beer purchased. The deposit would be refunded when empty cans are returned to the market or store. (The retailer might complain of the extra work involved but think of the good-will engendered the citizens.)

Then, if "Swinus Americanus" continued to litter our streets, highways and public grounds, just imagine how many adults and children would gladly retrieve the beer cans in order to get the deposit money—thereby effecting an enormous saving to the city in lowering its street cleaning maintenance cost.

I, for one, would be very happy to pick up beer cans around the Polo Grounds, public schools, streets and highways in and around Palm Springs—as well as Idyllwild.

Next item: BLIND CORNERS. Place on top of each street and avenue sign post a two-way mirror or highly polished sheet of metal. Perhaps, an enterprising manufacturer would supply the mirrors or metal sheets at no cost to the city if he'd be permitted to place his name at the bottom of said item. (In small print, of course.) I'm sure this would reduce our accident figures.

SAM Q. FISCHER,

4180 Calle San Antonio, Palm Springs.

Editor, The Desert Sun:

Some day the City Fathers of Palm Springs will wake up to the fact of a potent fact: There are in Palm Springs Trailer Parks approximately five thousand prospective voters!

Someone, one of these days, is going to convince them of the necessity of organizing and registering for their protection. After all these people live here eight out of the twelve months and

should legitimately call this their home.

Nor should the City Fathers ignore their value to Palm Springs. My wife and I spend two to three hundred dollars a month in Palm Springs for eight months out of the year. This may be not too far from the average of 2,500 families. We average guests in the number of perhaps an average of ten families per season. Of our guests this year one family has already moved here and another will be here come October 1.

A move is on to increase the number of Councilmen to nine. Why change the Districts? Why not elect seven as of now and provide two "At Large"?

So we trailerites might get representation instead of perhaps feeling we should unite against all who do not appreciate us.

M. T. GARDINER,  
One who as a former Town Mayor thinks he speaks advisably.  
Ramon Trailer Park.

Editor, The Desert Sun:

For mention of National City's 10th Annual Maytime Band Review, staged here on May 4th, thanks and appreciation of the Committee and myself.

Such announcements as that which appeared in The Desert Sun on April 24th helped make the 10th the best Review National City has seen.

## Scotch and Soda With Kick to Be At Rodeo

"Scotch and Soda with a Kick" featuring two white mules and a jalopy, will be featured as one of the headline acts at the Sheriff's Rodeo, De Anza Park, June 22-23, Sheriff Joe Rice revealed today.

Trained by the Hendricks family, owners and trainers of "Movieland Animal Stars" and currently residents of Riverside County, Scotch and Soda perform feats guaranteed to amaze the spectator. Working in tandem, these two white mules and their "hill-billy" master will, according to Billboard, show "business publication," "rate belly laughs from any audience . . . keep fans in stitches."

A SECOND ACT performed with perfect timing and precision stars "high school" trained horses, which execute everything from the Carico to the Hula Hula.

Rated as the most outstanding in their field, the Hendricks have been in show business for 15 years training and presenting their animal acts in over 32 states and before 5,000,000 people each year. Their dog acts have been presented on television, the Ed Sullivan Show and Art Baker's "You Asked For It." They have the only trained buffalo act in the world.

RECENTLY LOCATING in the Riverside area, their appearance at the Sheriff's Rodeo will be their first in the City of Riverside.

Sponsored by the Sheriff's Relief Association, the rodeo is presented annually to raise funds for the benefit of the members of the Sheriff's Office in their crime prevention programs and during times of emergency.

Tickets may be obtained from Deputy Sheriffs at 50 cents for children, \$1.10 for students and servicemen, \$1.50 general admission and \$1.95 for the grandstand.

LITTLE CAROLYN MYLER bravely accepts her anti-polio vaccination shot from Dr. Huenergardt, but her doubtful expression says she isn't too happy about it. Helping the doctor are Nurse Gina Griffith and Calhoun School Principal Brad Davis.

PLAZA'S SERVICE manager will be Archie V. Bagley who is a veteran of 22 years in the automotive service and management business and a graduate of Chrysler Corporation's service and training program.

Commenting on the new dealership, Y. M. Posthuma, De Soto's Los Angeles regional manager, said, "Plaza De Soto-Plymouth certainly has a wealth of experienced people in key executive positions and this, coupled with their excellent new facilities and our wonderful line of 1957 De Sotos and Plymouths, should all add up to success for both the dealership and the citizens of Palm Springs."

### Thirteenth Birthday Party in Western Motif

The wild west was very much in evidence with an all western motif when Mrs. George Gillman of 574 Mariscal Road, entertained Saturday afternoon at a birthday party for her niece, 13-year-old Charlie Survant.

The luau torches were lighted as day faded away, and the encircling mountains darkened and the first stars came out. Accordion music was a background for the party as the group enjoyed pre-dinner cocktails. The buffet table featured ham and turkey and spaghetti that is a specialty of the hostess.

Among the guests were Messrs. and Mrs. Arthur Bailey, Florian Boyd, Frank Butler, Walter Braunschweiger, Herbert Burns, Don Bleitz, Burnham Bigelow, Robert Backstrom, Roy R. ## Around Town

with Hildy Crawford

It's difficult to say what May's coming to... when the next to the last weekend in May turns out to be one of the heaviest this year... Parties all over the place... with a crowd of over a 1000 at the Desert Air luau... and that many more overflowing the Chi Chi the same night... for the second show which presented Jerry Lewis... In addition to these two big events... there were over 100 guests at both the Luccareni and the Malouf parties... and numerous smaller affairs all over the Village... It was people, people, people... and with such wonderful weather... the crystal ball is predicting a round of social events in June... The latest is... Ruby and Ed Fallgren's plan for a Fourth of July party at their Santa Rosa home...

Evelyn (Mrs. Sydney) Schiff left for Chicago Friday afternoon... a week earlier than she had planned... because Sydney, who's not been feeling well... is entering a New York Hospital next week...

Joan McManus spent most of last week in the hospital... after breaking her right wrist in a fall.

Janet Essinger left for Chicago today... and will be there for the summer...

Helen and Walter Braunschweiger are back from New York... where Helen showed some of her paintings... The critics liked Helen's work and she will have a one-woman show at the Gallerie DeBaux at 131 East 53th Street, October 2-23...

Isabelle Charbneau is in San Francisco... to be with her father Jules Charbneau... who's in St. Joseph's Hospital with a concussion and back injury... He's improving nicely... but Isabelle will be there this week...

### Maloufs Are Hosts at Big Party

The "End of the Trail" party given by Mr. and Mrs. William B. Malouf at their Via Las Palmas home Sunday evening was such fun and there were so many people there (around 130) that there are sure to be a number of "Beyond the Trail" parties.

Guests of honor at the Malouf cocktail-party were their houseguests Mr. and Mrs. Arthur Bergh and Mr. and Mrs. Wendell Hunt. Cocktails were served in the patio in front of the Malouf playhouse, which was ringed with flowering oleander bushes and had colored lights strung overhead. Deluxe hamburgers were cooked over a charcoal grill and served with salads and macaroni, and a strawberry dessert with coffee concluded the meal.

Among the guests were Messrs. and Mrs. Robert Kenaston, Jack Kenaston, Rudolph Halm, Harold McAlister, Joe Pawling, Florian Boyd, George Wheeler, Al Hunt, Randolph Christie, Howard McKay, Jack Luccareni, Maynard Laswell, Harold Murphy, Eduardo Gibbs, George Gannon, Don Bleitz, Lou Manseau, Harry Von Zell, Lloyd Frank (just back from Las Vegas). Also: Messrs. and Mrs. Walter Braunschweiger, Edwin Fallgren, Gene Kegley (down for the Clutter Club weekend and houseguests of the Fallgrens), John Dawson, Howard Morris, Harold Cooper, Charles Driver of Bel-Air, Franklin B. MacCarthy, Glenn Austin, S. P. Manasse, Humbert Scattini, Eddie LeBaron and Mrs. D. C. Smith.

And: Mrs. Dolph Obergef and her houseguests Mrs. Durner McKinley of Westwood, and Dick Fess, Mrs. Bertine Treat and her escort Paul Williams, Mrs. Ruth Hardy, Ed McCoubrey, Mrs. Ruth Hardy, Mrs. Lorraine MacCarthy Hogan, Mrs. Belmont Sanchez, Mrs. Harry Clatworthy, Mrs. Anne Gougler, and a number of others.

Visitors Leave

Mrs. John R. MacManus of Bloomfield Hills, Michigan, left Saturday after a five-day visit here with her sister, Mrs. Eleanor Steele of California Avenue. Mrs. MacManus, who traveled by air, was accompanied by Dorothy Hut-ton, also of Bloomfield Hills.

### Over 1000 Make Merry at Giant Desert Air Luau

Over a thousand people in luau garb and mood, attended Desert Air's fifth annual luau Saturday night. It was the biggest luau ever staged on the mainland and the colorful scene looked like a movie setting for a South Seas Island film.

The poolside area was too small to accommodate the huge crowd this year so the luau site on the green field of the Desert Air landing strip was walled in with palm fronds and a big stage set up at one end, with a painted backdrop of Diamond Head and Waikiki. Most of the front tables were the low luau tables, decorated with fruits and flickering hurricane candles, and the guests sat on grass mats on the ground.

Hank Gogerty had spared no expense or effort to make this a really great luau, and the entertainment was outstanding. From the aloha greeting, as a fresh flower lei was placed around the shoulders of arriving guests, until the last soft music died away into the star-lit desert night, it was a delightful affair.

Hilo Hattie, who also was mistress of ceremonies, opened the show with her "Hilo Hattie Does the Hilo Hop". The golden voice of George Kainapau singing "The Wedding Song", "Beyond the Reef", and other favorites, was enchanting, and Kahala Bray did the old dances in the olden manner. Hula girls swayed in the descriptive dances that tell a definite story, and others did the traditional feathered gourd dances, and the rattling dance with the split bamboo sticks. Hank Gogerty did his version of "Keep Your Eyes on the Hands", and later danced with Mrs. Randolph Christie, who was Hilo Hattie's first pupil.

### Give Farewell Party Honoring Fr. O'Donohoe

More than 400 attended the Sunday afternoon party at the Biltmore in honor of Father Michael O'Donohoe who is leaving for Europe the first week in June. Father O'Donohoe plans to visit Ireland, the country where he was born, and he will also have an audience with the Pope in Rome.

Mrs. Robin Anderson and Pat Cohen were co-hosts at this elaborate affair.

A long hors d'oeuvres table was set up, in the United Nations motif with green shamrock predominating, in the Tongo Room of the Biltmore Hotel. Beautiful floral arrangements were used as decorations both inside and around the swimming pool.

The ladies of the parish made the hors d'oeuvres, and Johnny and Tani Boyle donated their special tropical dish.

A few of the guests were Mrs. Edith Ritter and Zaddie Bunker who are leaving soon for Europe, Elsinore Machris, the Robert Kenastons, Father Thomas McDer-mott.

Mrs. Elizabeth McIntyre, Mrs. Julie Taurag, Dr. and Mrs. Andrew Fitzmorris, Dr. and Mrs. George Milkie.

## SPORTS PARADE TODAY'S

By OSCAR FRALEY  
United Press Sports Writer  
Reg. U. S. Pat. Off.

NEW YORK, May 28 — The ladies of the links insist that a chunky youngster named Wiffi Smith is the new Babe Zaharias of women's golf.

This is much like comparing the rookie Mickey Mantle with Babe Ruth, or this year's winner of the National Amateur with Ben Hogan. But the fairway fillies figure that the 20-year-old Wiffi can't miss.

There are many reasons. First of all, she powders the ball a long time. Add to that the silken touch of a pickpocket on the greens and the poise of a second story man in an empty house and you have the qualities which won the Dallas Open and have kept her well up among the money winners elsewhere during her brief four months as a pro.

WIFFI IS THE BREEZY young Californian who looks enough like Patty Berg to be her sister and has been making golf headlines since she was 14. At that age, only two years after playing her first round, she won the championship of the country club at Guadalajara, Mexico, where her parents had moved from Redlands, Calif.

That was a tremendous incentive for the 5-foot, 6-inch redhead with the prize crop of freckles. Two years later, at 16, she topped the Women's Western Open and at 17 she took the World Amateur at Tam O'Shanter.

Last year Wiffi had a tremendous grand slam within reach when she took the British and French Amateurs but then fell by the wayside in the U. S. event. It was enough to convince her that she had the shots to make golf a paying proposition, so she turned professional.

RIGHT NOW she's one of the big threats in the Triangle Round Robin, which has attracted the top 16 women pros to Virginia Beach, Va., in a five-round tussle May 29-June 2.

If there's anything Wiffi, a solid 160-pounder, likes better than golf it's her 1928 Ford touring car.

"Of course it runs," she flares. "I drive it all over and have put 7,500 miles on it since I turned pro in January. It's a wonderful car—even though none of the other girls will ride in it with me."

But they do follow her, in more modern machines, just to be sure that Wiffi doesn't break down and get lost somewhere. After all, there was only one Babe Dinkerson Zaharias. Anything remotely resembling her is a real prize at the box office. And Wiffi, they'll tell you, is it.

### Moreno Favored 2-1 Over Cotero Tonight

HOLLYWOOD — Ricardo Parajito Moreno, hard-hitting Mexican City favorite, is a 2-1 favorite to whip Jose Luis Cotero in their 10-round outdoor match tonight at Gilmore Field.

Good weather was forecast for the bout which Hollywood Legion Stadium promoters have labeled "the fight of the year." They predicted it would gross \$100,000 at the gate.

## Indio Golfing Star Wins in Asheville Play

Beverly Hanson Sets New Course Record for Women in Event

By OLIVER B. JAYNES

Desert Sun Staff Correspondent  
ASHEVILLE, N. C. — Tall, pig tailed Beverly Hanson of Indio took a fancy to the green-clad mountains of the south and walked off with two women's golf tournaments in as many weeks.

Last Sunday she became the first champion of the Land of the Sky women's open here, finishing one stroke ahead of Wiffi Smith of Michigan who swept almost every amateur tournament in the world before turning pro this year.

THE PRIDE of the Cochran-Ogden course at Indio, an easy driving distance from Palm Springs, won her first tournament of the year only two weeks ago at Gatlinburg, Tennessee, in the Great Smoky Mountains, by ten strokes. She liked the Asheville Country Club's course just as well. It lies in the rolling foothills of the Blue Ridge mountains and is overlooked by the famous Old Grove Park Inn.

Beverly's 72-hole total of 296 was 10 strokes under par for the beautiful course. With a 68 in the first round last Thursday, she was the first woman to master the course in the 60s.

GOING INTO the last round one stroke back of Wiffi Smith, Beverly remarked that she was glad to be relieved of the pressure under which she played the day before. It was her ability to get out of trouble Sunday that enabled her to become the first winner of this Chamber of Commerce sponsored tournament.

She was in trouble on five holes of the last 18 but pulled out of all of them with remarkable success. Long-hitting Mickey Wright of San Diego who got off to a poor 79 on the first day, came out of the clouds to take third money with a 68 for the final round, equalling the course record for women which the Indio star had set only three days before.

BEVERLY COLLECTED \$1,316 in her duel with Wiffi Smith but the tournament chairman smiled through tears as he presented her her check. Although no financial success—less than one thousand followed the leaders Sunday—he said that the tournament would be held again here next year.

Then he walked over and jumped into the Asheville Country Club's swimming pool—with all of his clothes on.

BYGRAVES KEEPS TITLE  
CARDIFF, Wales — Joe Bygraves retained his British Empire heavyweight title Monday night by fighting a 15-round draw with challenger Dick Richardson. Bygraves weighed 199½ pounds; Richardson, 192.

THE MOVE IS GOOD for baseball and for baseball fans because it betokens a crack in this monopolistic baseball structure," said Celler. "The proposed shifts are a healthy sign."

In Los Angeles, County Supervisor Kenneth Hahn called the proposal "the best lead we've ever had" and added that President Walter O'Malley of the Dodgers "told us he'd be willing to play here in 1958 either in the Los Angeles Coliseum or at Wrigley Field before settling on a permanent home."

Today the 23-year-old southpaw will be discharged from Lakeside Hospital with his doctor's assurance that "he'll be all right."

Score has made a remarkable recovery from the injury, suffered in a game against New York, May 7, when a line drive off the bat of the Yankees' Gil McDougald hit him in the eye and left him writhing in pain on the pitcher's mound at Municipal Stadium.

Now Herb is ready to leave the hospital and plans to fly immediately to Hagerstown, Md., where he will continue his recuperation at the home of his uncle, Arthur Flood.

The strikeout king is not expected to return to action until early July.

He will rest completely at Hagerstown for two or three weeks before starting workouts to regain his pitching condition.

Dr. Charles Thomas, eye specialist, who had been treating Score along with Dr. Donald Kelly, team physician, said Monday the pitcher's "vision is clearing gradually and I'm sure he'll be all right."

## Believe Courtney Can Beat 4-Minute Mile

LOS ANGELES — Franz Stampf, famous European track coach, says he thinks Tom Courtney has the best chance of becoming the first American to break the four-minute-mile barrier.

"I think Courtney has the equipment to become the first American to run under four minutes," Stampf told Southern California track and field writers yesterday.

# MEXICAN COLONY WINS SEVENTH STRAIGHT GAME

Tight pitching and an excellent defense, enabled the Mexican Colony to win its seventh straight game against no defeats in Desert Softball League play Monday night at the Polo Grounds.

They defeated the M and M Grocery-Lehrfield Insurance team, 5 to 1.

Don Mendoza belted a long triple in the third inning to score Art Jurado and then came in himself on an error. That was all the winners needed.

In the top of the seventh they added three more as Dave Martinez, Mendoza and Vic Reyes came across.

Wayne Shike, who fanned seven of the Colony batters, and Sutton's hitting were not enough for the Grocers as Frank Prieto scattered four hits to keep them away from the plate.

The score R H E  
Mexican Colony 5 4 2  
M-M-Lehrfield 1 4 1  
Prieto and Reyes; Shike and McMann.

The "Big Top," a musical water circus, was presented by the Juniors of Shadow Mountain Club. These Juniors range from five to 15 years of age. The whole show included about 75, including adults who attended to costumes, lights, decorations, properties, etc. The whole show was released and supervised under the direction of Lou Kuehner, Betty Crockett and Nancy Arnold. A "family dinner" was served at the club preceding the show.

Miss Edith Eddy Ward entertained house guests over last weekend and took them all to Shadow Mountain Club. Her guests included her sister-in-law Patricia Eddy, Mr. and Mrs. Tom Montgomery Orr and Miss Leife Erickson. ## Low Bid of \$155,431 Received for Palm to Pines Bridges

Low bid of \$155,431 for the construction of three bridges and approaches on State Sign Route 74, the Palms to Pines Highway, was submitted by Walker and Murphy of Los Angeles, Clyde V. Kane, District Engineer of the State Division of Highways in San Bernardino announced.

Walter Kaucher of Culver City, was second with a bid of \$156,198 and C. B. Tuttle of Los Alamitos, was third with a bid of \$172,687.50. Nine bids were received and all are being taken under advisement by Frank B. Durkee, Director of Public Works.

EXISTING BRIDGES which are to be replaced with reinforced concrete slab type bridges, are wooden structures built by the Bureau of Public Roads in 1933.

and are located just north of the Hemet Reservoir about three miles easterly of the junction of the road leading to the Idyllwild recreational area.

State Sign Route 74 in this area, is a part of the National Forest Highway System and designated as "San Jacinto — Desert Forest Highway 70".

KANE STATED that both Ah-Sell Rock Creek Bridge and Servo Creek Bridge will be about 43

feet in length, each consisting of two spans, while the bridge over the south fork of the San Jacinto River will be 105 feet in length and will have four spans.

All three bridges will be supported on concrete piers and abutments with retaining walls on concrete pile foundations. Each will provide a 34-foot roadway width between railings to accommodate two 12-foot driving lanes with shoulders.

THE CONTRACTOR will provide

vide detours at each location so that the traveling public will be inconvenienced as little as possible. About six and one-half months will be allowed the contractor to complete the work on all three bridges.

The contractor is authorized to move the large rock, "Metate" which is located on the easterly side of the highway in this area. Kane added that it will be moved only if necessary, to protect it from damage during construction operations.

## Chamber Asks New Services

Noting that the Palm Desert Post Office will attain its first class status on July 1, directors of the Palm Desert Chamber of Commerce have voted to petition the Railway Express Company and Western Union to establish offices in Palm Desert.

Growth of the community warrants service from these two companies, directors said.

### Traffic Hazard Study Continues

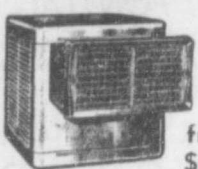

Palm Desert Chamber of Commerce is continuing action on elimination of traffic hazards in that area, with the group naming Secretary-Manager Lou Kuehner, President Hal Kapp, Leonard Lockhard, Cliff Henderson and Phil Franklin to a committee to meet with the San Diego district engineer, State Division of Highways, in San Diego on May 28.

In other action, the directors: Appointed Ralph Hale chairman of the Gold Diggers' Committee, to continue his work as chairman of the Century Membership Committee, and to assist Kuehner in organizing a Country Fair to be held at the Shadow Mountain Club during July.

Authorized Kuehner to attend the Western Institute of Chamber of Commerce Executives, at Stanford University, June 23 to 28.

Adopted a resolution requesting the Riverside County Board of Supervisors to investigate why Riverside County had not received its proportionate share of the \$660,000 which had been paid by the Navy Department to Imperial County in lieu of the road which was abandoned between Niland and Blythe at the time the Naval gunnery range was established in that area.
